Such records shall be the property of the Company and shall be accepted by the Client as evidence of his orders or instructions. The Company may use recordings and/or transcripts thereof for any purpose, which it deems desirable.
- 6.5. The Company reserves the right at its own discretion, without the Client’s consent, due to risk management policies to transfer the Client’s execution type to STP/ECN execution when the Client’s trading strategy, exposes the Company to greater risk than the Company can cope with.

- 6.6. The Company may in its sole discretion reject any order from the Client but will notify the Client of any such rejection, without giving any reasons, promptly following receipt of your instructions. The Company may cancel any instructions previously given by the Client provided that the Company has not acted on the Client's instructions. Without prejudice to the generality of the foregoing the Client acknowledges that the Company may reject orders and/or instructions by the Client when they are not clear when the Client seeks to open a position, close a position or modify or withdraw an order.
- 6.7. If any Financial Instrument Reference Asset, which is a security, becomes subject to possible adjustments as a result of any of the events set out in paragraph 6.7. (referred to as "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to:
- i. Account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event; and/or
 - ii. Replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying Reference Asset security, to be effective from the date determined by the Company.
- 6.8. The events to which paragraph 6.6. refers to are any of the following, by the declaration of the issuer of a security:

 - b. - based on shares; or
- e. Any event that is caused by a merger offer made regarding the Company of the underlying asset.
- 6.9. If any Financial Instrument Reference Asset which is a security becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Trading Platform.
 - 6.10. Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
 - 6.11. In the case where the Client has any open positions on the ex-dividend day for any of the Financial Instrument Reference Assets, the Company has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client via the internal mail of the said adjustment and no Client consent will be required. In the case where the Company's Risk Management deems the Client is deliberately attempting to take advantage of the fact that shares in a particular Spot Index going ex-dividend, the Company reserves the right to apply a dividend adjustment. In the case of short positions, the dividend adjustment will be debited from the client's account where [dividend adjustment = Index Dividend declared x position size in Lots]
 - 6.12. The Client acknowledges that orders shall be executed at the bid and ask prices that are offered by the Company. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the Company's server, the prices requested by the Client and the current market price may change in the period between the Client placing his order with the Company the time the order is executed. The Client acknowledges that in the case of any communication or technical failure which results in the quotation of off- market prices on the quotes feed (i.e. prices to freeze/stop updating or price spikes), the Company reserves the right not to execute an order or, in cases in which the order was executed, to change the opening and/or closing price of a particular order or to cancel the said executed order.
 - 6.13. Considering the levels of volatility affecting both price and volume, the Company is constantly seeking to provide client orders with the best

- execution reasonably possible under the prevailing market conditions. Client's orders (Buy/Sell, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit) are executed at the requested/declared price. However, during periods of volatile market conditions, during news announcements, on opening gaps (trading session starts), or on possible gaps where the underlying instrument has been suspended or restricted on a particular market, Buy/Sell Stop and Stop Loss orders may not be filled at requested/declared price but instead at the next best available price. In such case, Take Profit orders below/above Buy Stop/Sell Stop orders or Stop Loss orders above/below Buy Stop/Sell Stop orders during activation will be removed. The same execution policy applies when a trading strategy is deemed as abusive, because it is aiming towards potential riskless profit or another strategy deemed by the Company to be abusive. Accordingly, placing a Stop Loss order will not necessarily limit the Client's losses at the intended amount.
- 6.14. The Company shall not be liable for any delays, inaccuracies or other errors in the transmission of any order, instruction or information from the Client to the Company due to any cause beyond the reasonable control of the Company. Delays can be caused by various reasons depending on the current market conditions (e.g. high market volatility) as well as a slow/weak Internet connection (e.g. between the Client's terminal and the Company's server).
- 6.15. "Manifest Error" means a manifest or obvious misquote by the Company, or any market, liquidity provider or official price source on which the Company has relied in connection with any Transaction, having regard to the current market conditions at the time an order is placed as the Company may reasonably determine. When determining whether a situation amounts to a Manifest Error, the Company may take into account any information in its possession, including information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement. The Company will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards the Client but the fact that the Client may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an order placed with the Company (or that the Client has suffered or may suffer any loss) will not be taken into account by the Company in determining whether there has been a Manifest Error.
- 6.16. In respect of any Manifest Error, the Company may (but will not be obliged

- to):
- a. Amend the details of each affected Transaction to reflect what the Company may reasonably determine to be the correct or fair terms of such Transaction absent such Manifest Error; or
 - b. Declare any or all affected Transactions void, in which case all such Transactions will be deemed not to enter.
- 6.17. The Company will not be liable to the Client for any loss (including any loss of profits, income or opportunity) the Client or any other person may suffer or incur as a result of or in connection with any Manifest Error (including any Manifest Error by the Company) or the Company's decision to maintain, amend or declare void any affected Transaction, except to the extent that such Manifest Error resulted from the Company's own willful default or fraud, as determined by a competent court in a final, non-appealable judgment.
- 6.18. Considering the volume of the Client's order and the current market conditions, the Company shall have the right to execute part of an order only.
- 6.19. The Company has the right at its discretion to increase or decrease Spreads of Financial Instruments depending on the current market conditions and the size of the Client's order.
- 6.20. The Swap rate is mainly dependent on the level of interest rates as well as the Company's fee for having an open position overnight. The Company has the discretion to change the level of the Swap rate on each Financial Instrument at any given time and the Client acknowledges that he will be informed by the Main Website. The Client further acknowledges that he is responsible for reviewing the contracts specifications located on the Main Website for being updated on the level of Swap rate prior to placing any order with the Company.
- 6.21. The Company reserves the right in its discretion to disable and/or enable trading without a Swap rate charge ("swap free trading") for Client's trading account at any given time. - 6.22. Internet, connectivity delays, and price feed errors sometimes create a situation where there is price latency on the Electronic Systems such that there is a disparity between the Company quoted prices and current market prices for short periods. Client expressly acknowledges and agrees that it shall not execute Transactions with the Company that rely on price latency

arbitrage opportunities either by using additional functionalities/plugin-ins (i.e. Expert Adviser, etc.) or by any other means. If the Client acts in contravention of this clause the Company reserves the right to:

6.23. The Company reserves the right to disable and/or enable swap free trading for Client's trading account and/or reverse any cumulative profits derived from the said trading at any given time. This can occur at times where there is suspicion of swap abuse aiming at generating riskless profit where the Client abuses the Company's trading conditions/systems or where the Client's trading strategy imposes a threat to the Company's trading facility or where the Company deems necessary in order to protect the smooth operation of its trading facility. The Client further acknowledges that swap free applies for ten (10) calendar days only. Therefore, swap free accounts holding a position open for more than ten (10) calendar days, will be credited or debited swap accordingly. In such case, the storage amount will be credited/debited in the form of deposit/withdrawal from the account equity.

By accepting this Agreement the Client has read, understood and accepted the "Leverage Levels" as these are uploaded in the Main Website. The Leverage Level of a Client's Account(s) may be changed by the Company in its absolute discretion with reference to such matters as the deposit or Margin amount held in the Client Account(s) and the size of credit exposure held on Financial Instrument(s) held in the Client Account(s).
- 8.2. Only funds received net of any bank charges, which relate to the transfer, will be credited as paid.
